# A SURFBOARD BRAND DESIGNED FOR YOUR SUMMER

For summer nomads and salty friendships, sun driven minds who seek their own break to share among the tribe, and a warm night to recall stories of other waves.

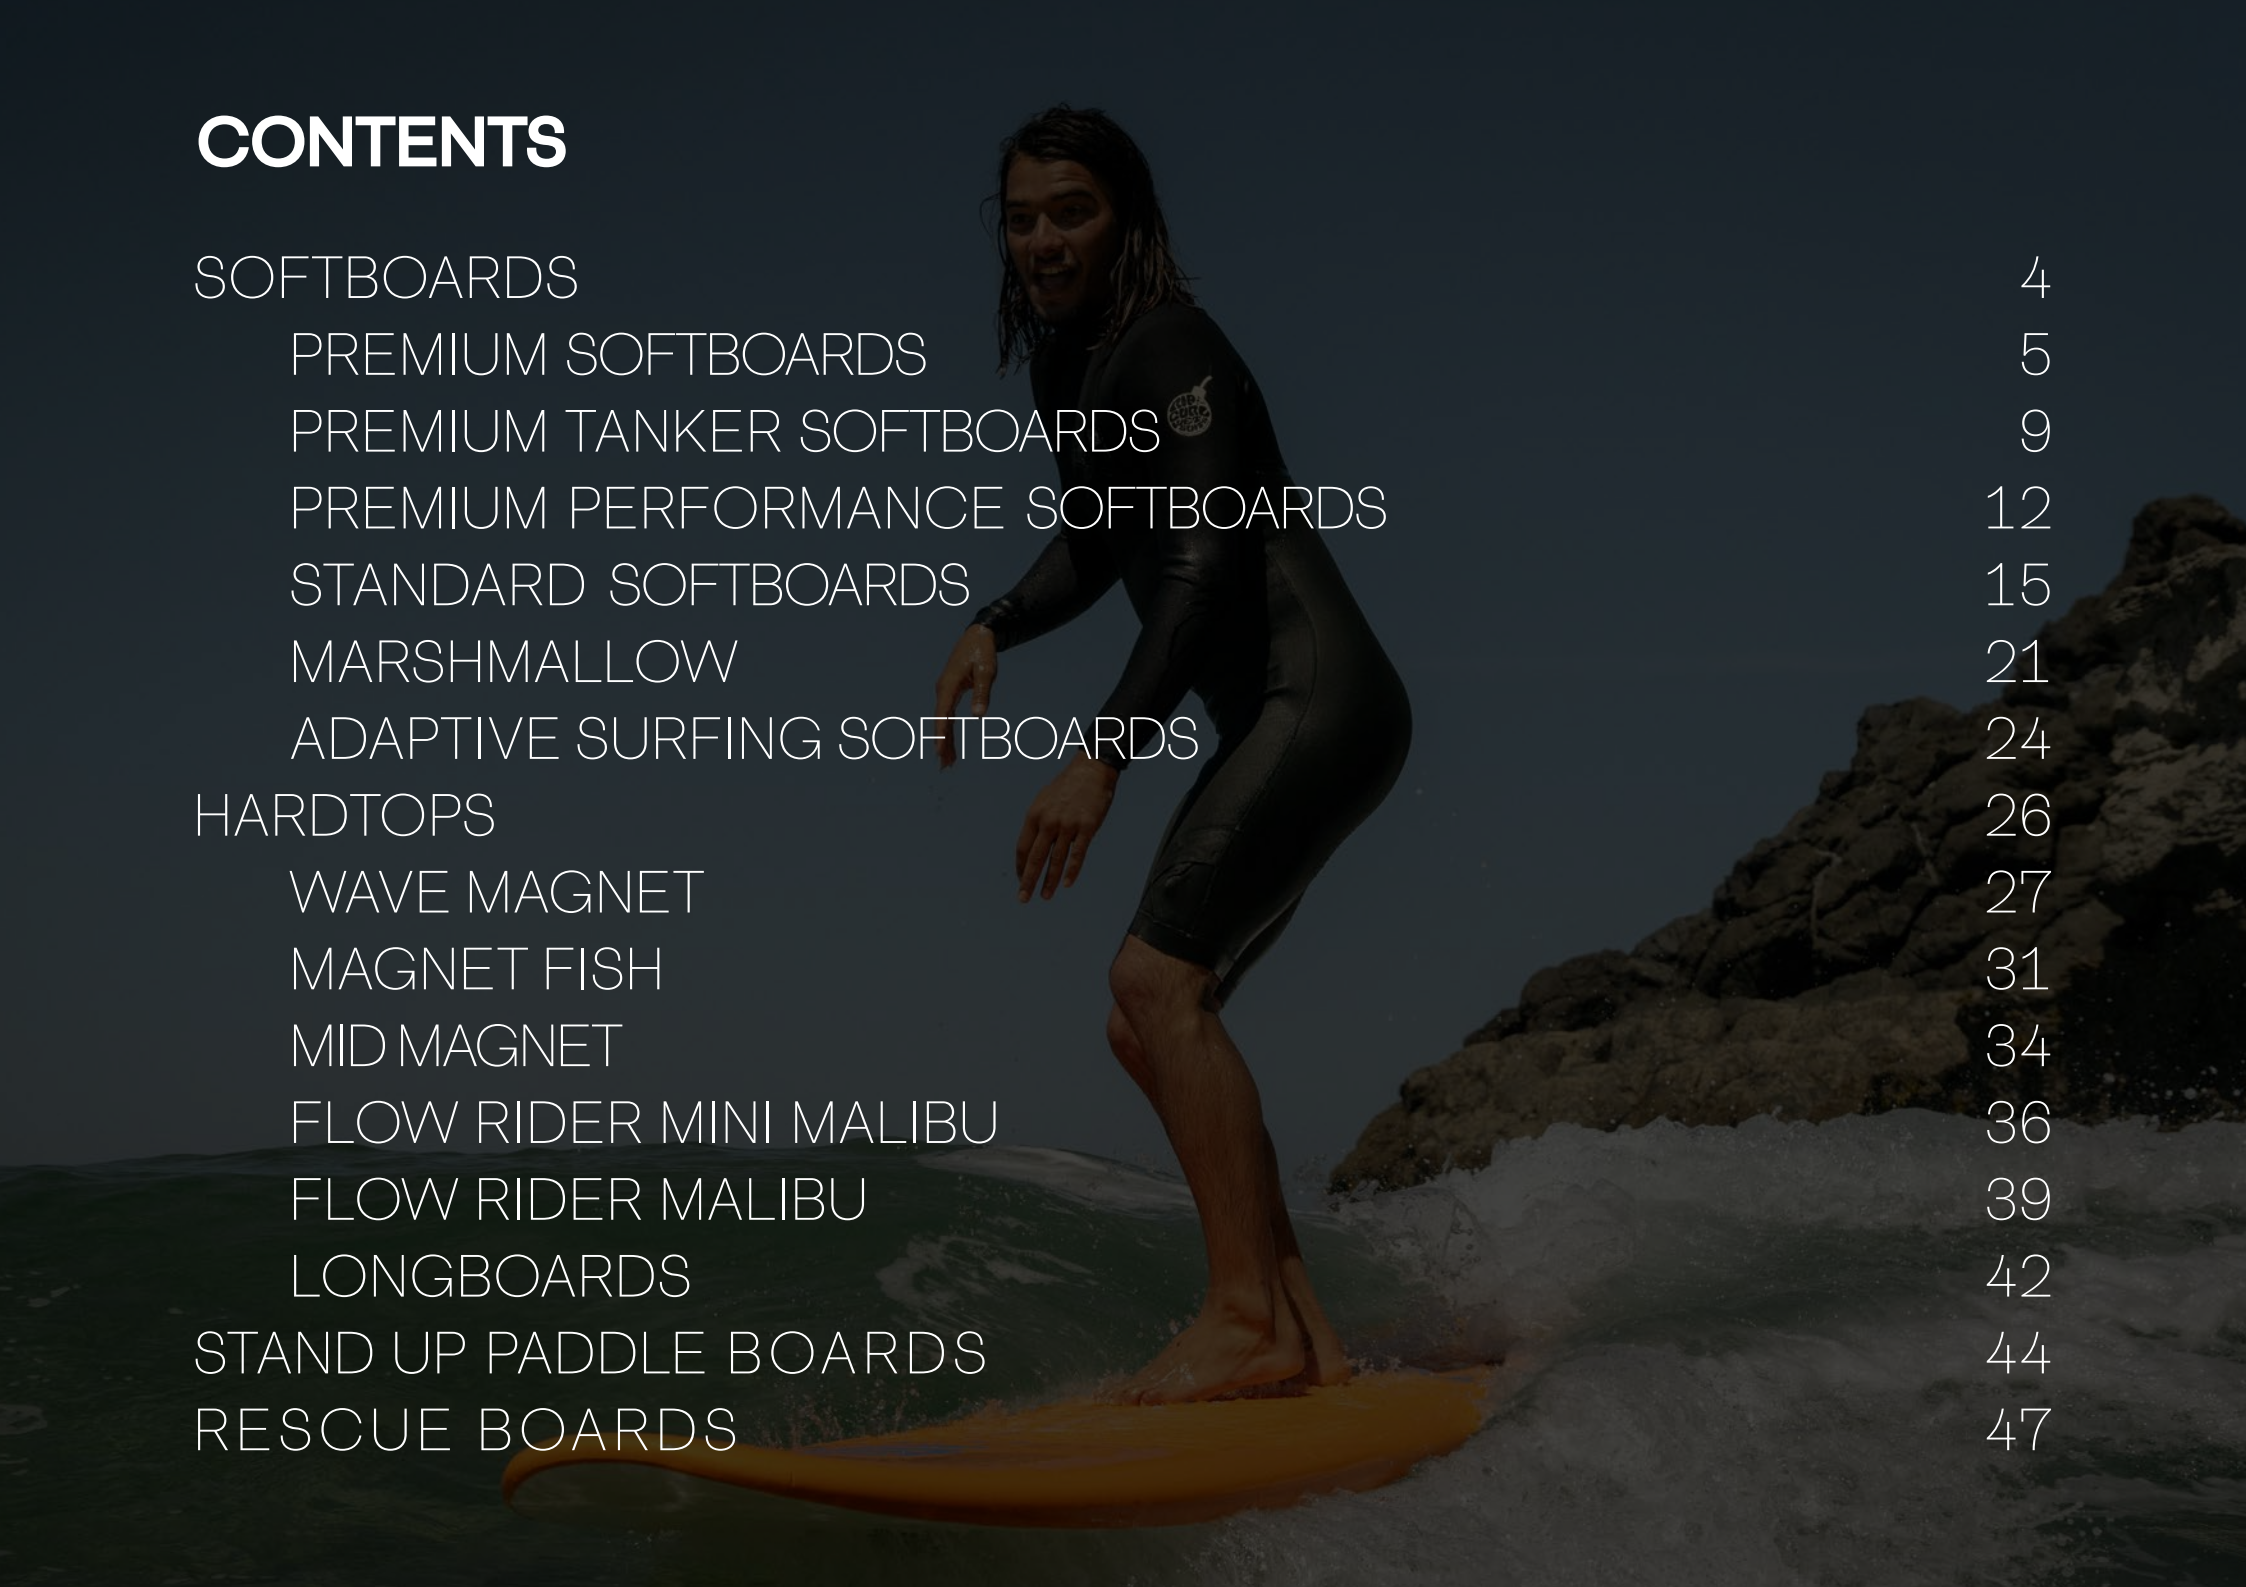

Fun is the name of the game and joy its final destination.

Featuring an advanced shape, available with either soft top or hard top, our surfboards adapt to your requirements and offer a reliable solution with high durability, for those sunny days at the beach with your tribe of friends.

A person in a black wetsuit is standing on a yellow softboard, riding a wave. The wave is breaking to the right, creating white foam. In the background, another person is lying on a green softboard, waiting for a wave. The water is a deep green color. The foreground shows dark, rocky terrain.

# SOFTBOARDS

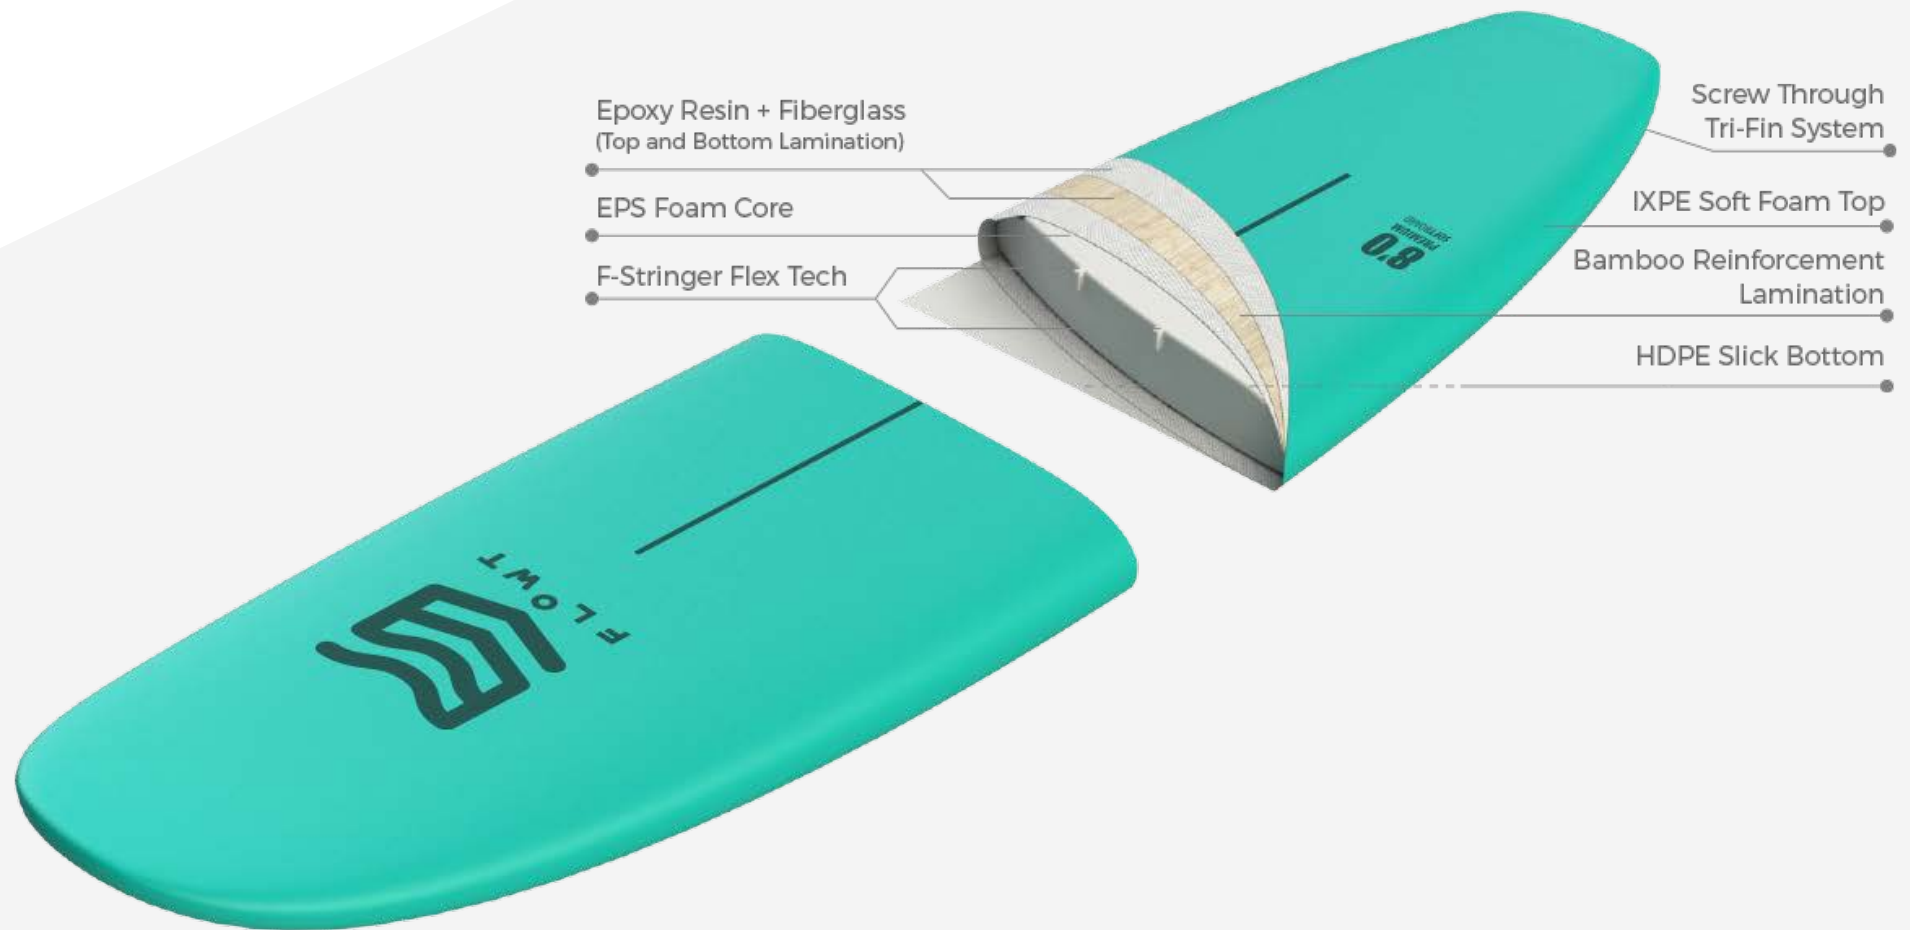

# PREMIUM SOFTBOARDS

A board for those whose job consists of teaching the surfing feeling to the world. Long lasting, shock resistant and user-friendly, this is a board designed to provide beginners with the best surfing experience they could ever have, while their instructors know their material will withstand the tough conditions of surf teaching life.

# PREMIUM PERFORMANCE SOFTBOARDS

A surfer is riding a wave on a yellow softboard. The surfer is wearing a dark wetsuit and is positioned on the left side of the frame, riding the face of a wave. The wave is breaking, creating white foam. The background is a clear blue sky. The text is overlaid on the right side of the image.

Looking for a safe board with great performance? This one is for you, an epoxy bottom and soft top surfboard that will assure all surfers don't get hurt while giving them the chance to ride plenty of waves with a more performance approach to their surfing.

A person is surfing on a white softboard with a blue and green design. They are wearing a black long-sleeved shirt and a green tank top with a logo that says "JUST CHANGE". The surfer is riding a wave, and there is a large splash of water behind them. The background is a deep blue ocean with white foam from the wave.

# MARSHMALLOW SOFTBOARDS

Flowt is all about new surfing experiences and this model is all about having fun. It's a summer day and waves are small and rippable, perfect conditions to surf with your Marshmallow. Because of its thin rails and radical shape, you can choose a more performance approach while trying out different lines and sensations on waves.

A man with a beard, shirtless, is walking on a rocky, uneven shore. He is carrying a white surfboard under his arm. The surfboard has a blue logo on the nose and blue fins. The background is a dark, rocky cliff face.

# MAGNET FISH

This is the board that will let you glide effortlessly across the wave while still delivering the performance of a shortboard. Designed to catch waves with ease and flow smoothly over the water, this fish surfboard gives you that classic feeling of speed and glide, but with the manoeuvrability to push your turns to the next level. It's the perfect board for those ready to experience the best of both worlds—style and performance.

A man with long hair, wearing a black wetsuit and patterned shorts, stands barefoot on a large, flat rock on a beach. He is holding a white surfboard under his arm. The surfboard has a logo that says "MID MAGNET" and a stylized "M" symbol. The background shows the ocean with waves breaking, a rocky cliff on the right, and a clear sky.

# MID MAGNET

Whether you're seeking smooth lines or tight turns, the Mid Magnet is all about versatility. Perfect for those looking to master every moment on the wave.

This is the board that draws you into every wave with magnetic ease  
Allowing you cruise effortlessly, yet still carve up the face of a wave when you want to.
