BLACK DIAMOND

5'10" x 20" x 2 9/16" 321

6'6" x 21 3/16" x 2 15/16" 441

6'10" x 22" x 3 4/16" 471

Designed with a pulled in tail to assist keeping you in the pocket and draw out turns. The widest point is more forward, increasing volume in the nose area and dropping the entry rocker slightly, the Black Diamond paddles extremely well and is fast off the front foot.

LITTLE MARLEY WHITE | AQUA

5'2 x 21 x 2 5/16 29 1

5'6 x 21 3/4 x 2 1/2 35 1

5'10 x 22 1/2 x 2 13/16 43 1

Short, wide, fast and fun the Little Marley has a short rail line that fits perfectly into the smallest pocket. The small curvy outline helps in the weakest of beach breaks by decreasing drag and increasing speed which is the key to this little pocket rocket.

A single to double concave allowing full control at speed, the subtle diamond tail provides multiple pivot points for turning in the most critical sections of little shore breaks.

5'6" x 19 1/2" x 2 3/8" 27.74l

5'10" x 20" x 2 5/8" 33.35l

The Eugenie is a replica of a design that Mick shaped for smaller days around home on the Gold Coast. The design is all about ease of use while incorporating elements that will ensure performance when the waves start to pump!

Mick has described this board as the perfect design for kids learning to surf and the shape is also proven to perform as a small wave summer option for experienced surfers!

 66 x 20 1/2 x 2 5/8 42.641
 70 x 22 x 2 3/4 50.051
 80 x 22 5/8 x 2 7/8 61.521
 90 x 24 x 3 1/2 88.711

The Beastie has been designed to be the ultimate fun board the volume is really well distributed for such a large board, the outline is generous providing a stable platform for catching waves perfect for those looking to progress their surfing to the next level or for the surfer looking for an alternative to a longboard.

The tail width provides lift and acceleration in the weakest waves creating a super generous sweet spot!
